My Second Annual Moab River Trip!!!

June 11-12, 2010

This rafting trip will be an all day tour guided trip. June is one of the best times of the year to raft the Colorado River. The rapids are the smaller class 1 and 2. The trip is called the "Fisher Towers" tour and covers about 14 miles along the Colorado River. We will be in 8-12 person rafts. They also bring "duckies", a kayak type vessel that 2 people go in at a time.

We have chosen the Canyonlands Campground for this event because of its location right in the center of town, within walking distance of all the fun shops. They have showers and bathrooms on site. Due to the way they reserve their camp sites, I have **not included the site fee** into the event price. The tent sites are \$22-25 a night, cabins are about \$50 a night, and RV sites are \$33-37. When making your reservation you will be required to pay for the first night at that time. You will need to call and reserve your own campsite. The phone number is 1-435-259-6848.

Mention you are with the Tracy Jarvis group to be placed as close together as possible. Do not delay in making your reservations, they may fill up!

Come early and stay late to take in all that Moab has to offer. Visit nearby Arches National Park and Canyonlands National Park. Moab is a closer than you may think at about 230 miles/3-4 hours from Salt Lake.
